2. Provide assistance to management. Accounting helps management in business planning, decision making and in exercising control. For this, it provides financial information in the form of reports. 3. Facilitates comparative study. By keeping systematic records and preparation of reports at regular intervals, accounting helps in making a comparison. 4.

### Introduction to Accounting - BYJUS

Introduction to Management Accounting helps to enhance readers' ability to make effective economic decisions by encouraging them to understand the inner-workings of the concepts, rather than solely focusing on technique memorization. Overall, this text describes both theory and common practices in a way that will help readers produce information that's useful in day-to-day decision-making.
