Problem Solving 101 was written as a guide to teach Japanese schoolchildren critical thinking skills. After that it quickly gained popularity among adults. In the book Watanabe uses simple and funny examples to learn the reader how to approach a problem. He uses three cases to educate the reader:

~~Book review: Problem Solving 101 | Johnny Holland~~

The book, Problem Solving 101 (originally publishing in Japan as Problem Solving Kids), spread through the education community and to a wider general audience. It turned out that adult readers in Japan, from parents and teachers to CEOs of major corporations, had been craving a simple and useful guide to problem-solving techniques.
