Summer Internship Report - IILM

The training summary report refers to the idea of a single document that records the different details of training conducted in a fiscal year. The training can be of any field and institution but keeping their record and reporting it is important. This process helps to keep a record of the different training details, like the number of people trained, the locations were chosen for the process, etc.

Summer training report in civil engineering

As such, you'll start by defining the training program with a cover page that includes the name, location and date of the training. Include the date of the report, the author's name and contact information in a second block of information on the cover page. Depending on the duration of the training, some reports are necessarily longer than others.
